PROFILE

Front-end web developer leveraging management background to build a more intuitive user experience on the web. Currently enrolled in a full stack web development program at the Ohio State University Coding Bootcamp, with newly developed skills in JavaScript, CSS, Node.js, and responsive web design. Known as an innovative problem solver passionate about developing apps, with a focus on mobile-first design and development. With each project, my aim is to best engage my audience for an impactful user experience. I'm excited to leverage my skills as part of a fast-paced, quality-driven team to build better experiences on the web.
